Ice Cuber $32 \mathrm{~kg} / 24 \mathrm{~h}$ with 15 kg bin - Water cooled, Hollow Cubes

- Complies with main international certification bodies and is CE marked.
- Compact dimensions of the ice cubers make them highly suitable for any location, particularly those where space is at a premium.
- Ice-making technology (paddle system) guarantees compact, hygienically pure ice cubes and guarantees great performance even in case of hard water supply.
- Water consumption and productivity calculated using $15^{\circ} \mathrm{C}$ water temperature and $21^{\circ} \mathrm{C}$ ambient temperature.
- Fully automatic in operation.
- Model available in water-cooled version.

## Construction

- Reliability guaranteed by the quality of the construction materials used (plastic flap on the front, top and sides in 304 AISI stainless steel) and the sophisticated product and process technology involved.
- Plug as standard (schuko type).
- AISI 304 stainless steel exterior.
- Adjustable feet 110-150 mm.
- The ice-making method guarantees ice cubes that quickly cool the drinks down.
- Environmentally friendly: R452a as refrigerant gas.

## Electric

Supply voltage:
730011 (IMF35W) $\quad 220-240 \mathrm{~V} / \mathrm{lN} \mathrm{ph} / 50 \mathrm{~Hz}$
Electrical power max.: 0.31 kW
Capacity:
Bin capacity: $\quad 15 \mathrm{~kg}$
Key Information:

| External dimensions, Width: | 500 mm |
| :--- | :--- |
| External dimensions, Depth: | 580 mm |
| External dimensions, Height: | 800 mm |
| Net weight: | 47 kg |
| Output: | $32 \mathrm{~kg} /$ day |
| Kind of cube: | Ice Cube 20 g |
| Refrigeration Data |  |
| Refrigerant type: | R452A |
